The questions were on some things in the draft CD, but I went ahead & did what I could on the CD before I sent it to you; if you could look it over & do any edits we may be close to being done. We do need someone from enforcement? to check out the payment details to make sure that is still current, etc., unless you know what the current payment instructions should be?

Larry, are you in?

FYI, I am on flexiplace this week, but can call in if needed.

I thought we were going to meet to go through some questions you had (but it's been a while) – do you want to discuss after lunch (1:30 or so)?

Anne – any update on the Gulfco CD?
